Porsea, Toba, North Sumatra, Indonesia.

I am an Information Technology student at the Del Institute of Technology with a strong interest in Full-Stack Development and Data Analysis. I have hands-on experience developing web and mobile applications using technologies such as Laravel, Flutter, Next.js, and MySQL. I am passionate about building practical software solutions, exploring new technologies, and improving my problem-solving skills through academic projects, independent learning, and hands-on development. I am motivated to continuously grow and contribute to meaningful projects that address real-world needs.

Education Level

Institut Teknologi Del - Sitoluama, Toba, North Sumatra, Indonesia — Aug 2024 - Sep 2027 (Expected)

Diploma in Information Technology

Organisational Experience

Student Association of Information Technology - Del Institute of Technology, North Sumatra, Indonesia — Oct 2024 - Present

Member

2025 Student Inauguration Committee - Del Institute of Technology, North Sumatra, Indonesia — Sep 2025

Exhibition Division Member

- Served as a committee member in the Exhibition Division for the 2025 Student Inauguration event.
- Collaborated with fellow committee members in preparing and organizing exhibition activities.
- Assisted in coordinating exhibition arrangements to support the successful execution of the event.

2026 Student Inauguration Committee - Del Institute of Technology, North Sumatra, Indonesia — Sep 2026

Exhibition Division Member

- Contributed to the preparation and organization of exhibition activities during the student inauguration event.
- Collaborated with committee members to coordinate exhibition arrangements and ensure smooth event execution.
- Assisted in managing exhibition-related preparations and supporting event operations.

Skills, Achievements & Other Experience

- **Hard Skills**: Programming Languages: PHP, Dart, JavaScript, TypeScript, Python, Java, C, SQL.
  Software Engineering: Object-Oriented Programming (OOP), Model-View-Controller (MVC), RESTful API Development, Backend Development, Frontend Development, Full-Stack Development, Mobile Application Development.
  Web & Mobile Development: Laravel, Flutter, Next.js, React.js, Vue.js.
  Data Analysis & Artificial Intelligence: Data Analysis, Data Preprocessing, Machine Learning, Deep Learning, Computer Vision, Model Training, Data Visualization.
  UI/UX Design: User Interface Design, User Experience Design, Wireframing, Prototyping.
- **Tools & Technologies**: Development Tools: Visual Studio Code, Git, GitHub, Postman, Docker, VirtualBox.
  AI & Machine Learning Frameworks: PyTorch, TensorFlow.
  Data Analysis & Visualization: Jupyter Notebook, Google Colab, Microsoft Excel, Power BI, Tableau.
  Design Tools: Figma, Canva.
  Database Tools: MySQL, phpMyAdmin.
- **Soft Skills**: Analytical Thinking, Problem Solving, Critical Thinking, Teamwork, Communication, Adaptability, Time Management, Continuous Learning, Collaboration.
- **Projects**: Bank Sampah Tarhilala - Waste Management Application (Laravel, Flutter, MySQL) 2025, Gairmos Library - Library Borrowing Application (Flutter, Laravel, MySQL) 2025, Taonmarisi Village Information System (Web Development) 2025, Book Borrowing Application (Java, NetBeans, XAMPP, MySQL Workbench) 2025, Object Color and Shape Detection (Python, OpenCV, IP Webcam) 2025, SmartRoute - Transportation Application UI/UX Design (Figma, UI/UX Design) 2026, Dental Caries Detection Research - ICDAS Classification Using Deep Learning (Python, YOLO, Computer Vision) 2026-Present, Cross-Domain Benchmark of Palm Oil FFB Ripeness Detection - RF-DETR vs YOLO (Python, Deep Learning, Object Detection) 2026-Present.
